COLLEGE

Changes at St Edmund's February 2021

There was building work at St Edmund's in the holidays. There have been lots of changes.

The front of the school is very different. The staff room is gone and the builders have their tools and materials there.

When I get to school, my taxi or mum/dad will drive through the gates to drop me off.

Here is the new office where Bernie and Wendy will sit. This is where I will drop my phone or home iPad off.

Here is the sick bay where Ali the nurse is.

I can go to the Senior Quad, the library or the field to play.

These are new toilets upstairs I can use.

The field is smaller and the soccer field is gone. The builders have their offices there and a new car park is being built.

Year 11 and Year 12 students will do hospitality in the canteen.

Wood tech is now where the gym was.

I can still go to the pool for swimming in sport and the computer room if I am in Minecraft Club.

The ZONES of Regulation®

Here is the new breathe easy. I can ask to go here if I feel very worried, scared or angry and need to feel calm.

When I walk around school I will see building work and builders.

Some Important Rules for Building work are:

do not talk to builders and other workers

tell a teacher if it is too noisy

stop if you see a stop sign

The building work is happening so that we will have a new school that is better for learning in. It will be exciting to see my new school when it is finished.
